

## Get to Know Your Class

1. Find a person who has the same favorite color as you, and write their name in that color:

2. Do you play a sport/instrument/etc? Find someone who is interested in the same activity and TYPE their name below:

3. Go to the Campus Ministry page on the school website (sfponline.org). Screenshot the webpage, add the picture to your notability file here, and highlight one activity you might be interested in.

4. Find a person who shares your birthday month. Write their name and your shared birthday here:

5. Go to the Guidance/College page on the school website and click Guidance staff. Find your Guidance counselor's name (it's based on your cor) and write their name and room here in Red:

6. Draw a picture of the terrier here. No awesome artistic ability necessary, but bonus points will be given if you can make a funny little cartoon out of it:

7. Take a selfie with someone you haven't spoken to yet. Add the file in notability here and write your names over the picture in blue:

8. Find someone who is wearing the same color shirt as you. Drop a stickie into notability here and draw stick figures of the two of you in these colors - and don't forget to add your names to your doodle!

9. Find your favorite youtube video of an animal doing something funny or adorable. Drop the webclip into your notability file here:

10. Go back to number 5 and copy and paste your Guidance counselor's name here

11. Tell us the one question you still have about notability/studyo/etc. We promise it won't be made public, but we'd love to know what else we need to help you with before school starts!

12. Export the file when you're done and send it to: [sfpipad@sponline.org](mailto:sfpipad@sponline.org)
