

We mourn the death of Auston Charles, who passed away over this past weekend from injuries sustained in the tragic car accident over two weeks ago.

We remembered Auston at the 7:45 Mass and at our Senior Prayer Service this morning. We continue to heal as we face this tragic loss and work together to support and care for each other.

The members of our Guidance Department, Campus Ministry and Religion Department will be available to our students today, during the week and remainder of the year. As a Franciscan community, we pray together for Auston and support each other during this most difficult time. We will heal together.
