

Ancient Egypt: Map Reading

The areas designated by letters in the map below represent places in ancient Egypt and the surrounding area. Read the clues in the following chart and write the appropriate names and letters in the spaces provided. Not all the letters on the map will be used in the chart.

Clue	Name of Place	Letter
1. area of marshy flatlands at the mouth of the Nile		
2. region of northern Egypt		
3. body of water the Nile empties into		
4. region of southern Egypt		
5. triangle of land that connects Egypt and western Asia		
6. desert located west of the Nile		
7. sea located between Nubian Desert and Arabian Desert
